3. EXECUTION:

- a. Commander's Intent: To conduct a competitive event that provides cadets with various opportunities to overcome a challenge, while exercising their team building skills. These cadets will build a sense of unity among their respective units. Due to the current situation of COVID-19, we have seen this as an opportunity to connect as a Corps and try to enhance self-leadership through difficult situations using our Cadet Corps Curriculum. Even though we are physically separated from each other during this difficult time, it is important to build teamwork and come together as a Corps.
- b. Concept of Operations: The X-treme Team Challenge will take place over a ten month period, one challenge each month. There will be three divisions (Beast, Plebe, Warrior) to ensure that each challenge is fair for every cadet. Beast consists of elementary (4th-5th graders), Plebe is middle school (6th-8th), and Warrior is high school (9th-12th). Each challenge will be completed and sent to CadetXO@cacadets.org NLT the 28th of every month. A member of 10th Corps staff will send a video at the beginning of each month to explain each challenge and how it is going to be graded.
