Did You Know?

The United States is one of the few countries in the world that uses a 12-hour clock. Most other countries use the 24-hour clock (what we call "Military Time" in the US).

How Do You Say It?

Say 1st two digits, then 2nd two & add "Hours":

1342 = "Thirteen Forty-two Hours"

Add "Hundred Hours" on whole hours:

1200 = "Twelve Hundred Hours"

Pronounce Leading Zeros:

0030 = "Zero Zero Thirty Hours"
