First Aid / CPR / AED Instructors Manual

The primary purpose of the American Red Cross First Aid/CPR/AED program is to help participants recognize and respond appropriately to cardiac, breathing and first aid emergencies.

First Aid / CPR / AED Participants Manual

This manual covers skills that students need to know to give immediate care to a suddenly injured or ill person until more advanced medical personnel arrive and take over.

Emergency Medical Response Textbook

The text is designed as the primary source of technical information for participants and instructors. It includes key terms, learning objectives, critical facts and scenarios to test knowledge and decision-making skills.

NOTE: S3 will submit training requirements before requesting kits. Orders will not be filled if instructors have not completed the training. When ordering first aid manuals/textbooks please submit your certificate of completion along with this request.
